

Direct Call Mode

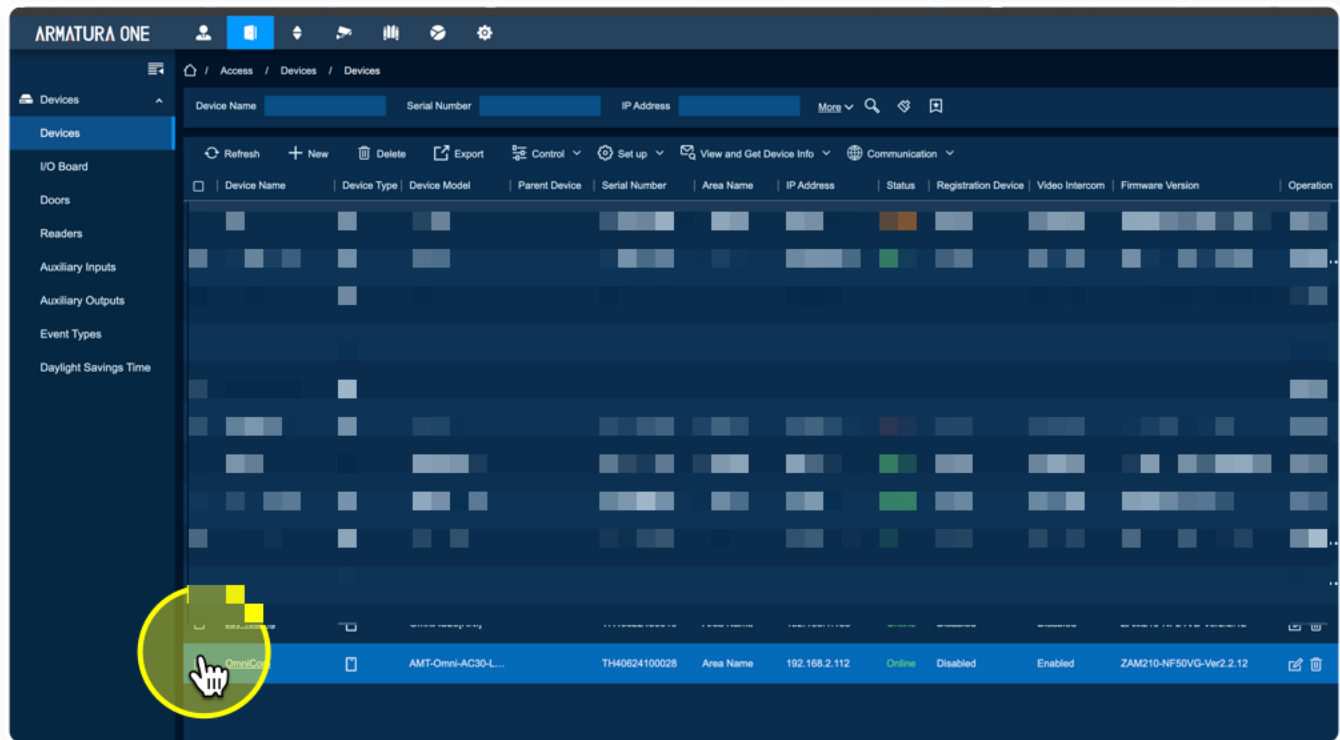

1 Under Contact Book, select the user

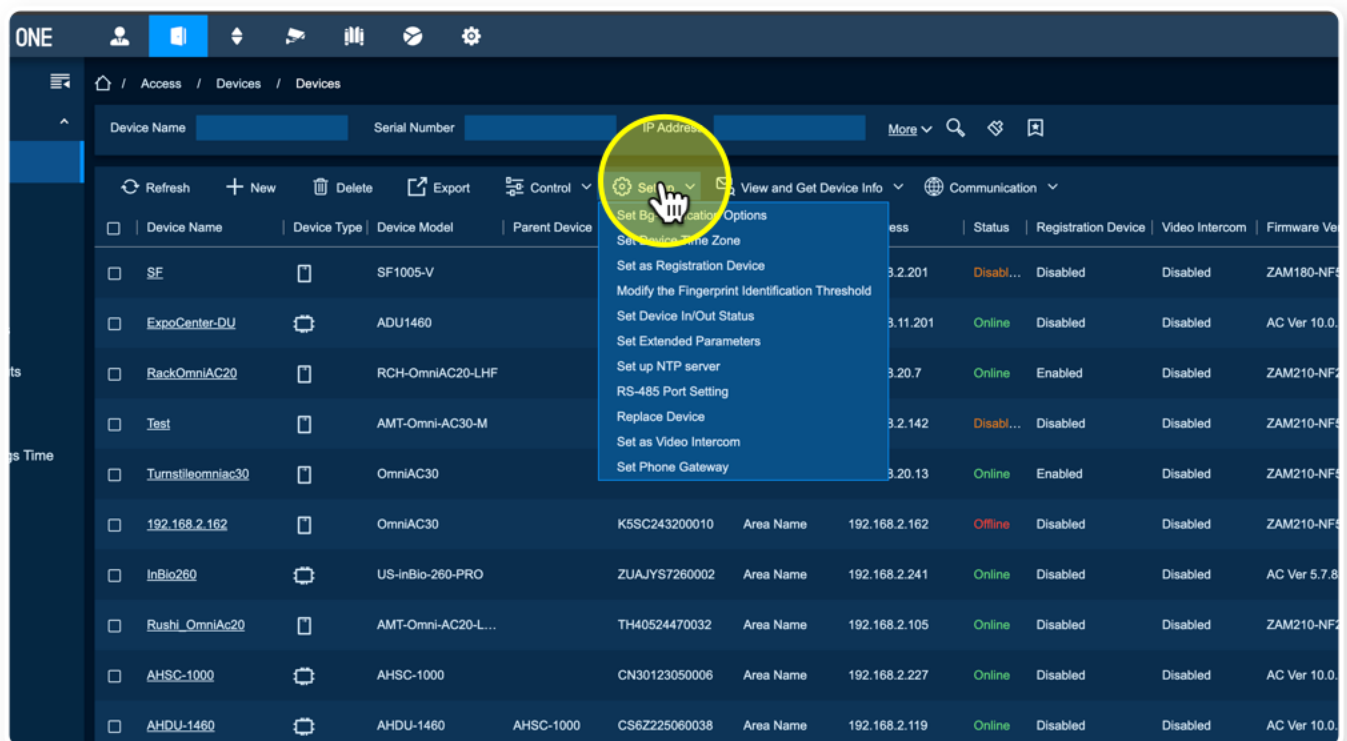

2 Click on "Set as Administrator"

3 Under Devices, select the device

4 Click on "Set up"

5

Click on "Set as Video Intercom"

The screenshot shows a web interface for managing devices. At the top, there are filters for Device Name, Serial Number, and IP Address. Below these are action buttons: Refresh, New, Delete, Export, and a Control dropdown. A 'Set up' dropdown menu is open, showing options like 'Set Bg-Verification Options', 'Set Device Time Zone', 'Set as Registration Device', 'Modify the Fingerprint Identification Threshold', 'Set Device In/Out Status', 'Set Extended Parameters', 'Set up NTP server', 'RS-485 Port Setting', 'Replace Device', 'Set as Video Intercom' (highlighted with a yellow circle and a mouse cursor), and 'Set Phone Gateway'.

6

Click on "Direct Call Mode"

The screenshot shows a 'Set as Video Intercom' dialog box. It has a title bar with a close button. Inside, there's a 'Selected Device' section with 'Video Intercom Enabled : OmniCom'. Below that, there's a 'Set as Video Intercom' section with a 'Video Intercom' dropdown set to 'Enabled'. The 'Mode Type' dropdown is open, showing 'Normal Mode', 'Direct Call Mode' (highlighted with a yellow circle and a mouse cursor), and 'Normal Mode'. There are also fields for 'Categorization search (whether enabled)', 'Classification Tag Name', and 'Search Prompt Information Description'. At the bottom, there's a 'Total Progress' bar and buttons for 'Hidden Info', 'Start', and 'Close'.

7

Click on "Start"
